

E-Learning Content Developer - 12 Month Fixed Term Contract

Salary £30,000-£40,000

Home Based

Purpose of the role:

Join one of the most exciting start-ups in the UK. We're a start-up with a difference though. We're part of one of the UK's most established charities and determined to make a difference to the way in which people learn for the 21st century. You'll be an excellent e-learning designer that gets excited by the ability to help thousands of people develop the skills and knowledge that are going to power the UK's engineering sector. You'll have the chance to shape our e-learning strategy as well as showing off your creative skills and helping to evaluate the impact of our learning programmes. A good knowledge of digital assessment is also important.

Duties:

- Apply instructional design theories and practice to design and develop innovative and engaging e-learning modules (SCORM) in a structured and well written format
- Develop and produce high quality technology-enhanced learning resources (e.g. interactive resources, summative and formative quizzes, digital narratives, high quality imagery and video content, etc.), for use within the virtual learning environment
- Take a proactive role to work with internal subject matter experts to script, design and develop e-learning content
- Develop robust assessments to evaluate effectiveness of learning content and use of the systems
- Research and keep abreast of developments in the sector
- Identifying the best solution for challenges that arise

Skills:

- Fully conversant in Adobe Captivate, Articulate or acceptable alternative
- Conversant in HTML 5
- An understanding of SCORM compliance and LMS systems
- Creative, with attention to detail
- Ability to work in a structured way
- Following and analysing organisational procedures
- Recognising areas for improvement and making recommendations
- Able to comprehend engineering concepts
- An understanding of learning styles and educational requirements
- Excellent written and speaking skills

Qualifications/experience

3 years in an e-learning related design role

Closing date – Friday 17th May 2019

If this sounds like you and you would like to apply then please email the HR Team – HR@semta.org.uk for further information and an application form.
